

Still~それでも

みんなが持っているものすら いつしか僕だけ なくして 最初からもらいそびれてた のかも しれない そうして 知った痛み 誰にも見えない大きな傷 どんなに 時間は経てど 癒えない 消えない それでも 戦おう 枯れ果てた涙の先 止まった未来 置き去りにしていこう 光も 届かない 深い海の底を照らすのは 僕しかいない やってみるよ 当たり前だったものすら 不意に汚（よご）され 壊され 矛盾に まみれた世界が また芽を摘んでく 耳を澄ましてみても 聴こえなくなってしまった声 憂う間もないまま 崩れる 途絶える 『偽善』も 『詭弁』も 『ありふれた綺麗事』も 認めるかは 自分が決めること 答えは なくても	Everything that everyone else has I lost it. I don't know when I might have missed out on it from the beginning In this way I learned the pain A wound so big that no one can see it No matter how much time goes by It will never heal. It will never go away. But still... Let's fight on Beyond the dried up tears The future that has stopped Let's leave it behind And the light Will never reach The bottom of the deep sea I'm the only one who can light up I'll try Even the things we take for granted Unexpectedly polluted and destroyed The world is filled with contradictions And it's nipping at buds again Even if I listen carefully I can no longer hear the voice Without a moment to grieve Crumble break Hypocrisy Sophistry Or commonplace niceties Whether you approve of them or not You decide. Even if there is No answer
-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

探し続ける事だけでしか 何一つも 証明出来ない 砕けた パズルを あと何度やり直すの？ 曲がったピースも 数えきれないのに それでも 戦おう 枯れ果てた涙の先 止まった未来 置き去りにしていこう 光も 届かない 深い海の底を照らすのは 僕しかいない やってみよう	Only by continuing to search Anything Cannot be proven Shattered puzzle How many more times do we have to start over? All the crooked pieces We can't even count them. But still... Let's fight on Beyond the dried up tears The future that has stopped Let's leave it behind And the light Will never reach The bottom of the deep sea I'm the only one who can light up Let's try
